About Company

(Domain Knowledge)

AtliQ Hardware, a hardware manufacturing company, distributes its products through two primary platforms: brick-and-mortar stores like Chorma and Best Buy, and e-commerce giants Amazon and Flipkart.

Their distribution channels include retail outlets, direct sales to consumers, and distributors who extend their reach. This strategy allows AtliQ to cater to both traditional shoppers and online customers effectively, ensuring widespread availability and accessibility of their products across diverse market segments.

- This is the overall P & L of the Market (country).
- It feels like if the market makes a lot of Net Sales, the COGS always costs too much to cover.
- The top-selling product, AQ Qwerty, achieved net sales of 22 million.
- A higher gross margin percentage signals strong profitability by maximizing revenue over costs. Conversely, a lower percentage indicates challenges in covering production expenses efficiently, crucial for financial health assessment.
